

Our Pavilion Design

Tradex is very pleased to offer you uniform designed booths, basic equipped, inside of our state of the art 'Industry Pavilion' at several shows (e.g. Arab Health, Medlab Middle East and Cabsat) in Dubai.

Each booth package includes floor space and booth construction, consisting of wooden side walls, wooden side wall pillars and wooden rear walls with standard dimensions of height and depths, etc. This uniform concept and a large range of several additional furniture items supports you, to design your booth in your way that truly reflects your corporate identity.

In addition to the before mentioned services you will get a free basic entry in our Virtual Fair listing.

Similar designs are offered at other shows like KiMES in Seoul and Medlab Asia/Asia Health in Bangkok.

Wherever and whenever you are planning to join our Pavilion - our team will support you and your team at any time before-during-after the event ...

Become a member of the Tradex-Pavilion and benefit from our long-term experience, our excellent business network and our comprehensive knowledge.
