

## Our Show Calendar

As an exclusive agency of some of the world's largest exhibitions organisers, we mediate exhibition spaces at the most important international trade fairs. We bring companies from Germany, Austria and Switzerland to the most relevant events in the key trade fair destinations around the world.

Tradex supports you to become an individual exhibitor, an exhibitor inside an official national country pavilion, an official federal pavilion from Germany, Austria, Switzerland or organised industry pavilions ...

Please see an abstract of our events we are organising for our clients, or visit our 'Shows' tab on our website for more detailed information.
